Mindfulness for Teachers: .b Foundations With Dominic Cogan

This eight week programme is designed for teachers, staff, and parents who want to develop their own mindfulness practice and enhance their own wellbeing. However it would also enable participants who develop a practice to qualify for further training in order to teach .b or Paws .b to young people.

Mindfulness for Teachers: .b Foundations is based on the core mindfulness principles found within Mindfulness-based stress reduction (MBSR) and Mindfulness-based Cognitive Therapy (MBCT) courses. However it differs in that it has been designed with school staff in mind. The training sessions and recommended home practices are shorter than MBSR/ MBCT and designed to be accessible, yet still effective, for busy educational staff.
